2021 - 2024

EXPERIENCE

TaxPido (formerly TaxAdda Private Limited) | Full Stack Web Developer (Remote) Jaipur, Rajasthan, India | April 2024 - Present

- Leveraged modern frameworks like Node.js and Express.js for efficient server-side development.
- Conducted thorough testing of web applications to identify and fix bugs, ensuring high-quality end products were delivered to clients.
- Reduced server response time by optimizing database queries.
- Developed, coded, modified, and debugged application programs of varying degrees of complexity with full independence.
- Increased code maintainability by developing reusable components following modular design principles.
- Enhanced user experience by designing and implementing responsive web applications using ReactJS and Tailwind CSS.
- Delivered high-quality, well-documented code that adhered to established coding standards and guidelines.
- Integrated third-party APIs, enabling seamless data exchange between applications and improving overall functionality.

TaxAdda Private Limited | Frontend Web Developer (Remote) Jaipur, Rajasthan, India | October 2022 - April 2024

- Led TaxAdda PMS digital transformation with dynamic responsive web interfaces by developing reusable components for efficient development processes using React.js & Tailwind CSS.
- Developed the TaxAdda PMS Chrome extension, which allows users to fill in login details on sites like GST, IT, TRACES, and other portals.
- Assisted in debugging issues promptly by identifying root causes and implementing appropriate solutions, minimizing downtime for endusers.
- Contributed ideas during brainstorming sessions about new features or improvements needed in existing applications based on client feedback or personal observations from user interactions with the software.
- Utilized version control tools like Git to manage code effectively within a team environment, reducing merge conflicts and fostering collaboration.
- Collaborated to enhance the user experience by developing responsive and interactive web applications and implementing innovative web solutions.
